## BIO SCIENCES T

**BIOTECHNOLOGY for odor control in washrooms.  
Eliminates bad odors. Prolonged residual effect**

### DESCRIPTION

**Bio Sciences T** is a new biotechnology for odor control in washrooms. Bio Sciences T eliminates unpleasant odors in washrooms caused by urine and faces. The residual effect leaves a pleasant scent for several hours.

**Bio Sciences T** is a biotechnology product that suspends selectively adapted, non-pathogenic bacteria. This product is recommended for food plants, restaurants, hotels, airports and other public area.

### DIRECTIONS

For urinals and toilets with automatic dispensing systems – Add required amount of water in the dispenser and then add **Bio Sciences T** using the following proportions:

For normal nauseous odors - Dilute 1 part of **Bio Sciences T** in 2 parts of water (1:2).

For extreme nauseous odors - Dilute 1 part of **Bio Sciences T** in 1 part of water (1:1).

To manually treat sides of urinals, toilets, walls and ceramic floors - Use 1 part of **Bio Sciences T** in 2 parts of water (1:2), and spray the solution on previously cleaned surfaces. If the unpleasant odors persist during the day, spray the surface again with the **Bio Sciences T** solution.

**For professional use only – Product not regulated by W.H.M.I.S.**

Warning: May cause eye irritation.

### Precautionary measures:

Do not ingest. No special personal protection equipment required. Avoid contamination of food in the application and storage of the product.

**First Aid:**

**Eyes:** Flush with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids.

**Ingestion:** Drink several glasses of water or milk. Seek medical attention.

**KEEP OUT OF REACH OF CHILDREN.**

Ingredients: water, nonionic surfactants, bacterial culture, perfume, color.
